Dental Network Providers 68

Section 1 – Introduction

This directory provides a list of Keystone 65 and Personal Choice 65 vision and dental network providers. To get a complete description of your vision and dental coverage, please review your *Evidence of Coverage*.

The network providers listed in this directory have agreed to provide your vision and dental services. For in-network coverage, you must go to a participating United Concordia dental network provider or Davis Vision network provider.

How should you use this directory?

You should use this directory to locate a vision or dental network provider in the Keystone 65 or Personal Choice 65 network. You do not need a referral from a physician for specialty care covered services.

How do you get care from an out-of-network provider as a member of Personal Choice 65 PPO?

Personal Choice 65 will cover services from either in-network or out-of-network vision and dental providers, if the services are covered benefits and medically necessary. However, if you use an out-of-network provider, your share of the costs for your covered services may be higher. You must submit a claim directly to Personal Choice 65 for services provided by an out-of-network vision or dental provider.

Section 2 – List of Vision and Dental Network Providers

Introduction

The following is a list of sections by provider type and category. They are listed in the order in which they appear in the directory.

Vision Network Providers

Each entry includes the practice or provider name, address, phone number, the participating providers within the practice (if applicable), and contracted services available.

Dental Network Providers

This section lists routine and specialty care dental providers and is arranged alphabetically by state, county, city, and specialty, and then by the practice or provider name. Each entry includes the practice or provider name, address, phone number, and the participating providers within the practice (if applicable).
