

Section 1 - Introduction

This directory provides a list of Independence Blue Cross' network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You should use this directory to select a routine vision provider. A routine vision provider includes optometrists, ophthalmologists and optical suppliers (or opticians). An optometrist is a doctor of optometry providing all ophthalmic services except surgery. An ophthalmologist is a doctor of medicine who has completed a residency program in ophthalmology and specializes in treating diseases of the eye and performing ocular surgery. An Optical Supplier (or optician) is a fabricator and dispenser of eyeglasses. Some opticians also fit contact lenses. For non-routine vision care please see the listing of ophthalmologists in the Keystone 65 HMO or Personal Choice 65 PPO provider directory.

The "network providers" listed in this directory have agreed to provide you with your routine vision coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. If you go to a non-network provider, you will be responsible to pay for the full service.

How do you find Independence Blue Cross routine vision providers in your area?

This directory is a listing of routine vision network providers for Independence Blue Cross, including optometrists, ophthalmologists, and optical suppliers (or opticians). The directory lists the providers alphabetically by county then by city within each county. If you already know the name of the routine vision provider, you can locate the name of the provider in the alphabetical index. The alphabetical index will then refer you to the page on which the routine vision provider is listed. If you do not know the name of the routine vision provider, you can begin your search by checking the list of routine vision providers in your area. The listing also includes the services the routine vision provider is contractually able to provide. 'Exam only' means the provider performs routine eye examinations only. 'Exam and Contact Lenses' means the provider performs routine eye examinations and dispenses contact lenses. 'Full Service' means the provider performs routine eye examinations and dispenses eyeglasses and contact lenses. 'Contact Lenses only' means the provider dispenses contact lenses only. 'Glasses and Contact Lenses' means the provider dispenses eyeglasses and contact lenses. 'Glasses only' means the provider dispenses eyeglasses only. 'Frame Collection' means the Davis Vision Collection of Frames is available. If a provider speaks a language other than English, the language is also included. The listing also identifies which providers have a location that is handicap accessible.
