of a preferred
retail or mail-order
pharmacy

Talk with your
doctor about a
90-day supply of
your medicine

Log in to **ibx.com**
to use our online
prescription
drug tools

Ways to Save At the Pharmacy

Take advantage of preferred pharmacies

Some pharmacies contract with our plans to offer lower cost-sharing to plan members. This is known as preferred pharmacy cost-sharing.

Preferred pharmacies include:

- CVS Pharmacy
- Giant
- ShopRite
- Target
- Rite Aid
- Wegmans
- Other independent pharmacies

Locate a preferred retail pharmacy using our Find a Pharmacy tool: ibxmedicare.com/pharmacyfinder

Mail Order provided by OptumRx[®] home delivery

With our mail-order services, your prescriptions are delivered right to your door. Whether it's a new prescription or one you have been filling for years, mail order is an easy way to get the medications you take regularly.

Mail order offers you:

Savings

You may pay less than retail.

Convenience

Up to a 90-day supply of maintenance medications and free shipping.

24/7 access

Speak to a pharmacist at any time, any day.

Save time and money with mail order

Three ways to get started:

Log in to **ibx.com**
to transfer a retail
prescription.

Call OptumRx® Home Delivery at
1-888-678-7015 (TTY/TDD: **711**),
7 days a week, 24 hours a day to
find out if the prescription is
eligible. Ask to change it to
mail order.

Ask your doctor
to send your new
prescriptions and
refills to OptumRx®
Home Delivery.

Consider ordering a 90-day supply

Talk to your doctor about writing you a prescription for a 90-day supply.

When you fill a Tier 2 generic medication at a **preferred retail pharmacy**, you can get a 90-day supply for only a 60-day copay.

When you fill a Tier 2, 3, or 4 medication at a **mail-order** pharmacy, you can get a 90-day supply for only a 60-day copay.

In addition to saving you money, a 90-day supply of your medication can make it easier for you to take your medications as directed and stay healthy.

What is tier cost-sharing?

- Your plan puts each covered drug into one of five different cost-sharing tiers.
- How much you pay for your prescription depends on which cost-sharing tier your drug is in.
- Check your plan's formulary (list of covered drugs) at ibxmedicare.com/formulary to find out the tier of your medication or use the updated prescription drug tools when you log in at ibx.com.

Tier 1 and Tier 2 prescriptions:

You can save money by using a preferred retail or mail-order pharmacy.

Tier 2, 3, and 4 prescriptions:

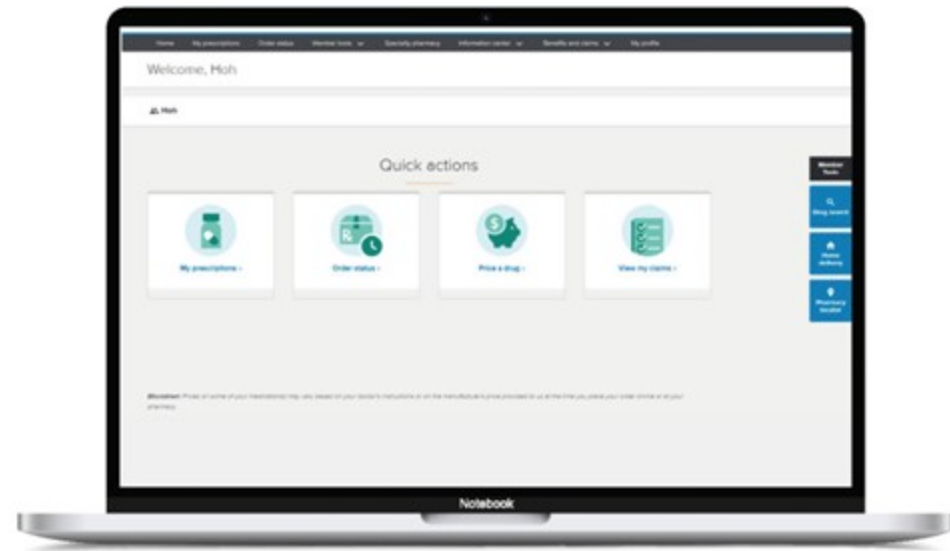

You can save money by filling a 90-day supply using a mail-order pharmacy.

Your online prescription drug tools

Using your personalized tools, you can:

1. Search for lower-cost alternatives
2. Sign up for and track mail order
3. Set up medication reminders

To get started, log in to ibx.com and complete a one-time registration.

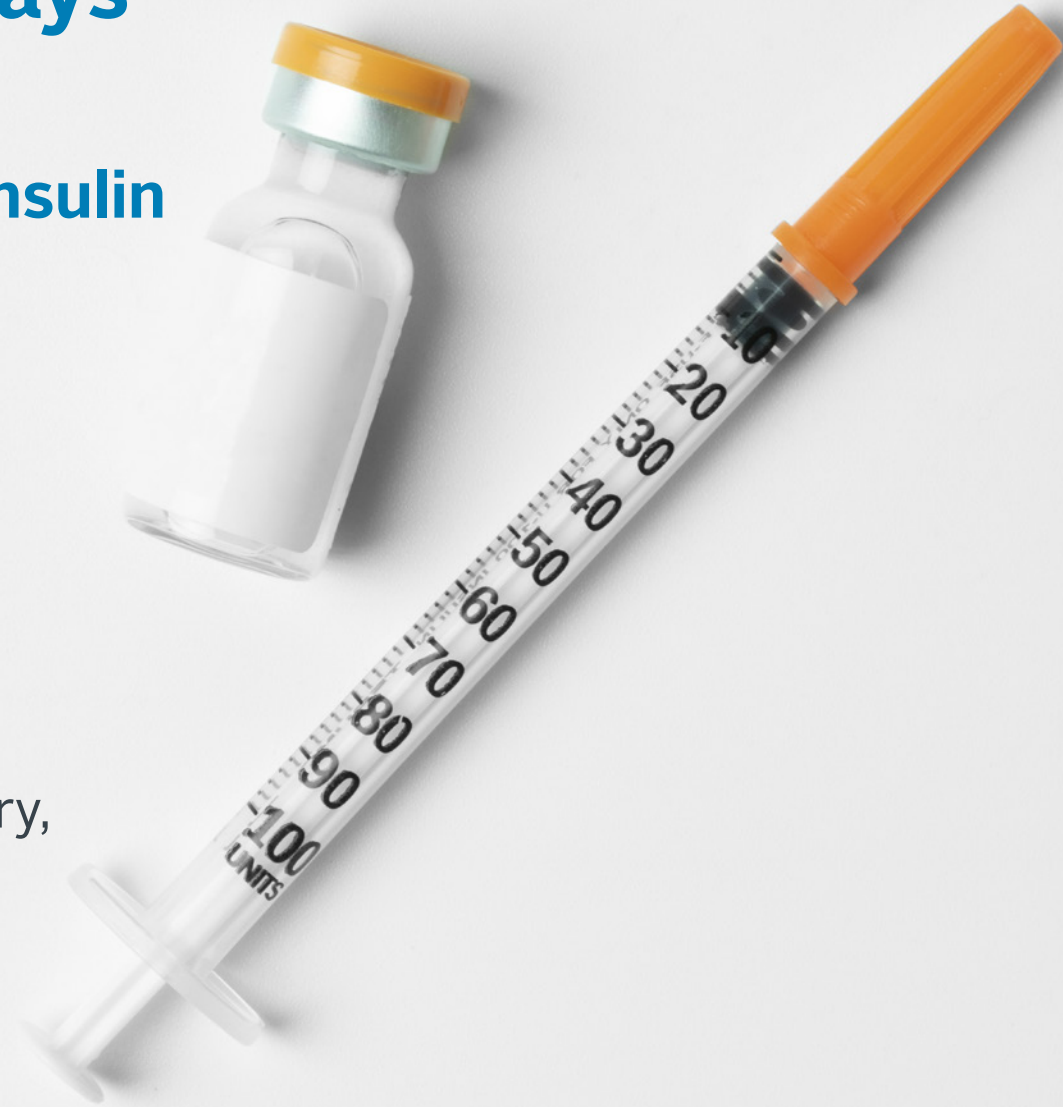

Predictable, affordable insulin copays

Important message about what you pay for insulin

You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

- Reduced copays make taking care of yourself much more affordable.
- Your cost may be less if you receive “Extra Help” from Medicare.
- To find a list of insulin products on your plan's formulary, visit ibxmedicare.com/formulary.

Available only for plans with prescription drug coverage.

Disclaimers

Independence Blue Cross offers products through its subsidiaries Independence Hospital Indemnity Plan, Keystone Health Plan East and QCC Insurance Company — independent licensees of the Blue Cross and Blue Shield Association.
