<sup>1</sup>Plans F and G also have a high deductible option, which requires first paying a plan deductible of \$2,870 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

<sup>2</sup>Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

<sup>3</sup>Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that do not result in an inpatient admission.

## PLAN G HIGH DEDUCTIBLE *(continued)*

### MEDICARE (PARTS A and B)

† Once you have been billed \$257 of Medicare-approved amounts for covered services (which are noted with a dagger), your Part B deductible will have been met for the calendar year.

‡ This high deductible plan pays the same benefits as Plan G after one has paid a calendar year \$2,870 deductible. Benefits from the high deductible Plan G will not begin until out-of-pocket expenses are \$2,870. Out-of-pocket expenses for this deductible include expenses for the Medicare Part B deductible, and expenses that would ordinarily be paid by the policy. This does not include the plan's separate foreign travel emergency deductible.
